

*Take a test ride with us!*

# Living Preview

## Wednesday, May 11 2016 Bike to Work Day

**7:00-10:00 am**

Center Street near Weber Point [Fremont St. to Channel St.]

**Riding your bicycle to work?** Then come and experience the “Living Preview” for yourself: a 3-D, life-sized, scale model of a “cycle track” or protected bicycle lane – an exclusive **bicycle** facility that combines the user experience of a separated **path** with the on-street infrastructure of a conventional bicycle **lane**. A protected bicycle lane is physically separated from motor traffic and distinct from the sidewalk.

We encourage you to come to the Living Preview, test a sample route, and let us know what you think. **If you're not on a bike** that day, come anyway to check it out to get an on-the-scene look at what's possible. We want to incorporate your feedback. See you there!

We're rewriting the **Bicycle Master Plan**. Help us plan and design bicycle connections throughout the city that work for **people of all ages and abilities**.

### STAY INVOLVED

All meetings are conducted in English. A Spanish language interpreter will be available. In accordance with Title VI of the Civil Rights Act, the Americans with Disabilities Act and California Law, it is the policy of the City of Stockton to offer its public programs, services and meetings in a manner that is readily accessible to everyone, including those with limited English proficiency or disabilities. If a language interpreter is needed, you are disabled and require a copy of meeting materials in an appropriate alternative format; or if you require other accommodation, please contact Karla Cervantes located at 22 E. Weber Avenue 3rd Fl., Stockton, California 95202, during normal business hours or by calling (209) 937-8492, at least 5 days in advance of the meeting. Advance notification within this guideline will enable the City to make reasonable arrangements to ensure accessibility.
