Division General Comments (Applicable to all Fees)

An Administrative Fee of 3.5% will be added to the Sewer and Water Connection fee amount.

The Drought Surcharges would be implemented only when it is necessary to safeguard against significant financial losses resulting from greater than projected reductions in water usage by City customers as a result of the current or future water shortage conditions. If implemented, the Drought Surcharges would be in addition to the water service charges.

The Drought Surcharges are an additional per unit (CCF) charge added to the rates and would be activated by a declared water shortage level pursuant to the City's Urban Water Management Plan.

Classification Description:

Single Family Residential Monthly Service Charge – Single Family, Condo
Multi-Family Residential Monthly Service Charge – Apartment, Duplex, Triplex
Non-Residential Monthly Service Charge – Commercial, Industrial, Institutional
Irrigation Monthly Service Charge – Commercial, Industrial, Institutional

Resolution No. 2016-06-28-1601 adopted the May 2016 Water Rate Study, approving water rate increases and declaring a stage 1 drought surcharge.

B. APPLICATION FOR SERVICE

APPLICATION AND DEPOSIT Each person applying for City Utility services, such as water, sewer, and or storm drain, must complete an application provided by the City or its authorized agent, and may be required to submit additional documentation to the City. A deposit, as established in the City's annual fee schedule, may be required of an applicant for service based on the creditworthiness of the applicant. For customers applying for City water service, service connection is provided on the next regular business day.

CUSTOMER AGREES TO BE BOUND Every customer shall be deemed to have expressed consent to be bound to the terms and provisions of the regulations then in effect and as may be amended at a later date. Whenever any regulation is violated, the City reserves the right to terminate the water service without notice. The customer whose water is thus terminated shall forfeit all payments made and the water shall not be restored until all unpaid delinquent charges billed on the unified bill and any fees, charges and/or deposits associated with the violation and service termination are paid in full and all other requirements of these regulations are met.

UNPAID BILL Water service shall not be granted to an applicant or customer if that person has unpaid delinquent bills (or charges) for City utility services.

FAILURE TO APPLY OR TO COMPLETE APPLICATION PROCESS Water service shall not be granted to any person who fails to apply for service or who does not complete the application process. The City reserves the right to terminate the water service without notice when it is determined that an application for service has not been approved for the customer(s) at that service address.

FRAUD - REFUSAL OF SERVICE The City shall have the right to refuse water service to any person(s) or premises at any time or to discontinue service without notice if found necessary to do so in order to protect itself against fraud or abuse.

SERVICE TERMINATION FOR NON-PAYMENT, DAMAGE TO CITY PROPERTY OR UNAUTHORIZED WATER SERVICE If water service is terminated because of unpaid delinquent charges billed on a unified bill, dishonored payments, acquisition (or provision) of unauthorized water service or damage to City property, water service shall not be restored to the service address or to the customer(s) at another address until all unpaid delinquent charges billed on the unified bill and any fees, charges and/or deposits associated with the violation and service termination are paid in full and all other requirements of these regulations are met. Water restoral will be made on the next business day following receipt of payment in full and confirmation that all other requirements have been met.

FIELD CHARGE A fee, as established in the annual fee schedule, shall be charged when City personnel are dispatched to terminate water service because of non-payment of delinquent utility charges billed on a unified bill or when City personnel are dispatched to the service location due to dishonored payments, acquisition (or provision) of unauthorized water service or damage to City equipment or property. This fee will be added to the water service customer's account. Failure to pay this fee shall be considered the same as failure to pay for water or water service. In addition to the field charge, the City may require a customer to pay a deposit, as established in the annual fee schedule, before service is restored.

C. METER READING, BILLING AND COLLECTION

COMBINING OF METER READINGS Each meter on a customer's premise will be considered and billed separately. The readings of two or more meters will not be combined.

METER READING FREQUENCY Meters will normally be read at monthly intervals for the preparation of regular bills, and as may be required for the preparation of opening bills, closing bills and special bills.

NON-REGISTERING AND UNREADABLE METERS Bills for service will be based on an estimate if a meter fails to register the volume of water consumed or cannot be read. In estimating consumption due consideration will be given to fluctuations in usage caused by seasonal changes or known service interruptions.

FAILURE TO RECEIVE BILL It shall be the water service customer's responsibility to provide the City or its authorized agent the correct address to which bills are to be mailed. Failure to receive a bill shall not relieve the water service customer of responsibility for on-time payment.

DEPOSIT ON ACTIVE ACCOUNTS A deposit as established in the annual fee schedule may be required if all charges billed on a unified bill are not paid by the due date. This deposit will be added to the water service customer's account. Failure to pay the deposit shall be considered the same as failure to pay for water or water service.

DAMAGE TO CITY PROPERTY A fee, as established in the annual fee schedule, shall be charged to the water service customer's account for each lock or device attached to the City's water meter that is removed or broken by anyone other than authorized City personnel. Other damages to the City water meter or associated equipment will result in additional charges being levied to recover the full cost of repairs with a minimum charge for damages as established in the annual fee schedule. These fees are in addition to field charges and deposits and will be added to the water service customer's account. Failure to pay this fee shall be considered the same as failure to pay for water or water service.

METER REMOVAL A fee, as established in the annual fee schedule, shall be charged if a water meter is removed because of: (1) non-payment of delinquent utility charges billed on a unified bill, (2) damage to or tampering with the City water meter or associated equipment, or (3) acquisition or provision of unauthorized water service. This fee will be added to the water service customer's account. Failure to pay this fee shall be considered the same as failure to pay for water or water service.

EXTENSION OF ACCOUNT CLOSING DATE/SAME-DAY SERVICE FEE A fee, as established in the annual fee schedule, shall be charged if a customer does not cancel their request to close an account (terminate service) at least one business day prior to the scheduled account closing date or if the customer does not meet all requirements for approval of their application for service at least one business day before water service is requested. Same day service fee shall be charged when service is provided sooner than the next business day after approval of customer's application. This fee will be added to the water service customer's account. Failure to pay this fee shall be considered the same as failure to pay for water or water service.

Refer to Resolution No. 02-0331 Sections E, F, G, H, and I for guidelines to water rates and regulations.
Fees adjusted annually in accordance with Resolution No. 2016-06-28-1601
